Round 3: K all k and P all p

Round 4: P1, FC, BC, p1, FC, BC, p2tog, FC, BC, p2tog, FC, BC, p1, FC, BC, p2tog, FC, BC, p1, FC, BC, p2tog, FC, BC, p1, FC, BC, p2tog, FC, BC, p2tog, FC, BC, p1, FC, BC, p2tog, FC, BC, p next st and st after m tog, pm

Round 5: K all k and P all p

Depending on the length of your circular needles, it might be easier to knit if you switch to the dpns at this point.

Round 6: P1, k2tog, *p3, k2tog*, rep btw * 11 more times, p1

Round 7 and Round 8: K all k and P all p

Round 9: P1, *k1, p2tog, p1*, rep btw * 12 more times

Round 10: K all k and P all p

Round 11: P1, *k1, p2tog*, rep btw * 11 more times, you are now 2 sts before end of round, k1, p the next st together with first st of next round

Round 12: K all k and P all p

Break yarn, leaving 10" tail. Thread through remaining sts, and pull tight.

Make pom pom, and attach to top of hat.

Making Pom Pom
This pom pom should be 3.5" across. If you do not have a pom pom maker of this size, you can use the template below to create your own.
Follow this link if you need instructions on pom pom making:
http://www.wikihow.com/Make-a-Pom-Pom

Pom Pom Template
When printed out, template should measure 4" across (the discrepancy between pom pom size and template size is a mystery to me, but the original pom pom maker I purchased stated the end size of pom poms was 3.5").

Garment Scematic

These numbers are measured from the hat laid flat and unstretched.
