

CROCHETED ICE SKATES

Size “D” Crochet Hook

White Yarn (for skates)

Alternate Color Yarn (for skate tops and pom poms)

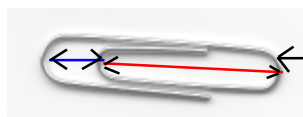

(This color can be red or green for Christmas or blue for winter)

2 #1 Gem Clips (paper clips)

1 #1 Safety Pins

To Make:

Cast on 8 single crochet (SC) stitches on to the paper clip as follows:

six SC between red arrows and two SC

between the blue arrows. The finished row should look like this.

Turn and chain 2 and double crochet (DC) in the next 7 stitches. Turn and chain 2 and DC in the next four stitches (this will give you 5 DCs in this line). Leave white loop and join the alternate color to the white. DC in same stitch as joining and continue DC to end of line (should be 5 DCs in alternate color). For tail, make 7 chain stitches and attach to the unopened side of straight pin using a SC at the closed end. Add one more SC to left of attachment SC and leave a 3” piece of yarn to attach pom pom.

Make a second skate following the directions above.

Attach to straight pin at the head

end as shown by arrow. Again, leave about 3” of

yarn to attach pom pom.

Make pom pom from same color as alternate yarn and tie to the tails on the safety pin.
