

Thin Stretchy Dishcloth

Materials:

WW cotton yarn

Size I or J hook

This isn't much of a pattern, just a way of making a thin, stretchy crochet fabric. I like my dishcloths to be pretty solid, without any holes in them, but I also like them to be easy to wring out, and thin enough to get into small places.

Chain 29. (or any uneven number to get the width you want)

Row 1: Sc in second chain from hook and in each chain across. (28 SC)

Row 2: Ch1, sc in first st, * sc in FLO of next stitch, in BLO of next stitch* repeat from * to * until you get to the last stitch, sc in last st.

Continue with row 2 until your dishcloth is the size you want.

Finish with a row of sc through both loops to make a more solid ending row.

If I was a little more ambitious, I would have added a single crochet border all around.

Pattern is untested, except by myself. Please let me know if something is unclear, or you find a mistake.

You may sell items made from this pattern, but you may not sell the pattern or publish it anywhere else. Please link to the pattern if you post a picture elsewhere.
