

Shire Scarf

by Danielle Renee

Materials:

*About 300 yards of any worstedweight yarn(gauge isn't required, if you want the scarf lighter or thicker, just change the yarn weight/hook size)

*5.5mm(I) crochet hook

Note: I used less than a skein of Cascade220 and my scarf measures about 5' x 3.5'' (though you can make yours as long/short as you want).

special stitches used--Puff stitch:

Wrap the yarn over the hook, insert the hook as normal and draw through as if you were making a double crochet(though don't finish).Repeat wrapping yarn and pulling up loops until there are 9 loops on your hook.Wrap yarn again and pull final loop through all loops on your needle.

Foundation: chain 200. This is for a short scarf, you can add more or less if you want a different length scarf.

Row 1: sc into 2nd chain from hook and every found. chain

Row 2: chain 3, make puff stitch into 4th chain from hook, *chain 1, skip stitch, make puff stitch into next stitch* repeat from *

Row 3: Chain 3, make puff stitch in the stitch between the first two puff stitches from the previous round, *chain 1, skip stitch, make puff stitch into the next stitch* repeat from * making sure you're puffs are between the previous rounds puffs

Row 4-6: Repeat round 3.
You can choose to make the scarf wider by repeating the 3rd round as many times as desired.

Final round: Chain 1, sc into every stitch. break yarn and weave in any ends.

Note: If you want to use this pattern for non-personal use, just credit me. And share pics. of finished scarf of course.
