

Celtic Knot Hexipuff

By Emma Littlehales

<http://k1s1s1.blogspot.com/>

This is a chart for a celtic knot cable which can be used with hexipuffs from the [Beekeeper's Quilt](#) pattern by Tiny Owl Knits. This pattern does not give instructions on how to make a hexipuff, it just has the chart for the cable. The equivalent purl increases and decreases should be used, instead of the ones given in the pattern
