

Hair Bow Pattern

By Emma Littlehailes

<http://k1s1s1.blogspot.com/>

Needles: 3mm

Yarn: DK (I used Paton's Fab DK)

Gauge: 26 stitches to 4inches/10cm

In the main colour, make 2 alike
CO 26
Gt-st 30
Cast off

Sew all edges together with mattress stitch. Then using a spare length of yarn, put a hair band on the back and wrap the yarn round both the hair band and the sewed together rectangles to make a bow shape. Pictures as this is hard to explain:

The bow can be left like this, or a centre piece can be knitted in a contrasting colour. The flower is also optional – if adding, attach to the centre band before sewing the band onto the bow

To make the centre band:
CO 7
St-st 28
Cast off

Wrap around the centre of the bow and secure at the back

For the flower:
CO 4
Knit though front and back of each stitch (8)
Knit though front and back of each stitch (16)
Cast off loosely
Sew edges together

Sew to centre band and sew a cross stitch in the middle

Feel free to use this pattern however you wish, but if you are selling items made with it, I would request that you link back to my blog
