Tucked Up Lakeside Passap Socks by Ozlorna

This is similar to the pattern in Passap book 11, number 1682.

This is a large sock on 5ply Chubby Merino sock wool, which will be too big for most. If using regular sock yarn, T 5 for the DX/DX pattern and T4.5 for feet. This should fit. Use your usual sock pattern and put this pattern into it on the legs only.

However if using thinner yarn and T 5, trial tucking every RC 1o or 12 to see if you like the look of it better.

R145 = bring all needles into working position. Return all pushers to RP.
