

DESIGNED TO BE THE PERFECT ACCESSORY FOR ANY OUTFIT

This simple scarf uses that special button that was too pretty to leave behind or one that matches your variegated yarn to a tee. Wear Bright Spot under a coat or as an all day accessory in place of a necklace to keep you warm.

My mom was wearing a similar mini-scarf that she had purchased (!) and the combination of the texture and button just made the outfit. I thought this would be just the right quick knit so many of us look for at the holidays! The beauty is that it can be made with any stash yarn on hand! Even great for that special 4 ounce handspun skein!
