

Frisbee # 3

Indoor Flying Doily Frisbee

I just wanted to throw a little happiness your way!

This is another Flying Doily Frisbee.
It makes a great stocking stuffer or Birthday extra.

It's soft and washable.

It's relatively safe for indoor play.

And yes, it is a good flyer.

It's a very easy pattern.

It should take about 2 hours to complete.

My youngest grandson told me he wanted colorful
Frisbees.

So this one is for you, Kai!

Lots of colors!

Hope you all enjoy it!

Notes:

The Frisbee changes color every few rows or so.

Or it can be made in all one color.

Colors can be:

Rainbow, Pastel, Bold, and Holiday festive.... whatever.

It does not take much of each color, so it is a good stash-buster.

I used a worsted weight cotton yarn because it is soft and washable.

If you want, you can experiment with other yarns:

I would love to see pictures of your projects.

Gauge is not critical.

And size does not matter...too much.

You can vary the size of the Frisbee by changing the hook size:

3.5mm (for a smaller one)

5mm hook (for a larger one).

I would not recommend using any hook larger than 5mm, because it might be a bit too loose to fly effectively.

Smaller Frisbees fly a bit faster because they are lighter weight.

The bigger ones are easier to catch (more surface space).

They have been tested by grandchildren.

And they all fly really well.
