[illegible]

Co 51 sts with a tappet making a chain for each out of work ndl. T6, knit 2 rows. This is a 6 stitch pattern so you will be pulling out every 6th needle for the tuck stitch with one edge needle on both sides in working position. Pull out ndls marked "X" forward and put on hold position. Knit 6 rows. Take off hold by pushing down russel buttons and knit 2 rows. Next pull centre ndls between the needles marked "X" and knit 6 rows. Push down russel buttons and knit 2 rows. Continue knitting by alternating these two groups ending with knit 2 rows. Bind off loosely making a chain for each out of work ndl. Block lightly so that you can show off the lovely bubble that is formed by the tucked stitch! :)

This pattern may be used to make items for your own personal use, gifts or charitable donations. You may make copies for your own personal use. You may not distribute it in any hardcopy or electronic format.
