

Hooded Cowl by Rosy Alice Crochet @Ravelry

My daughter calls this her Assassins Creed hoodie! Modelled fetchingly by Mrs Chilli the Snowlady.

You can make the neck section of this pattern entirely in UK TR (US DC) if you want. You don't have to use the Twisted Treble stitch.

You will need:

6 mm hook
Tapestry needle

Stitches used:

Chain
UK TR (US DC)
UK HTR (US HDC)
Twisted treble – [click here to learn this super-easy stitch.](#)

To begin:

Chain 79. Join with a slip stitch, taking care not to twist your yarn.
Round 1: 78 TR. Join into first stitch of previous row.
Round 2: 78 Twisted treble.
Rounds 3 – 5: Repeat round 2.
Round 6: 78 HTR.

We will no longer be working in the round from this point. At the end of round 6, chain 1 but do not join. Instead turn your work and crochet back the way you just came at the end of each row. This will create the opening for the face.

Round 7: 78 HTR, chain 1, turn and work back the way you came.
Rounds 8 – 28: repeat round 7.

I would try the hoodie on at this point to see if it's as big as you want it to be. If you need it bigger, just add a few more rows of HTR.

Once you are happy with the size of the hood, turn your work inside out. Double crochet or sew along the topmost straight edge.
