

# Elephant & Walrus

## SEA-FARER SCARF

### INSPIRATION

The scarf was inspired by [Aromy's Cabled Scarflette](#), just a bit longer, with an added cable and single toggle-based closure. It was made for Steve - a Midlands based plumber.

Thank you Joe for the pictures!

### DIFFICULTY

Easy cable pattern, suitable for beginners.

### SIZE

One-size, small & burly

### FINISHED MEASUREMENTS

62 x 40 cm (24.4" x 15.7")

### MATERIALS

I used a skein of chunky brown wool from my stash. Sadly it was un-labeled, so can't provide too many details, but it is similar to King Cole Value Chunky in Copper.

1 set of US 10 /6mm straight needles

Cable needle (or a single double pointed needle)
