Ivy vines sprawl. They cover the every visible surface they can. The vines in these gloves do the same. The patterning panel reaches from the thumb, around the back of the hand, to the palm, covering as much of the public side of the glove as possible. This effect is more pronounced in the smaller glove sizes.

While these are written as wristies, these gloves can easily be lengthened in either direction to cover as much of the arm and hand as there is yarn.

## Sizes

Women's S[M, L]
To fit palm circumference of 7[7.5, 8] inches; shown in size $L$, with more than one repeat of the chart

## Materials

110, [130, 150] yards of fingering weight yarn
US $1 / 2.25 \mathrm{~mm}$ needles, for however you knit in the round, or size needed to get gauge
Stitch Markers
Tapestry needle
Cable needle (optional)

## Gauge

9 stitches per inch in stockinette

## Pattern Notes

This pattern uses Knitty's List of Standard Abbreviations and Techniques.
When you have finished a chart, start the chart over at row 1 of said chart, for all charts.
RLI: [Right Lifted Increase] With right needle lift the stitch below the next stitch, and knit it. 1 stitch increased.
LLI: [Left Lifted Increase] With left needle lift the stitch below the stitch just worked, and knit it. 1 stitch increased.
