## You will need:

Size 10 crochet cotton

approximately 27 yards of one color or 13 ½ yards each of two colors

Size 2.75 mm steel hook (size 1)

Darning needle

11 3/8 inch jingle bells

1 button size 3/8 inch or an additional bell

Gauge: 7 dc equals 1 inch

Finished size is approximately 10 inches      Instructions are given to increase the size.

## Abbreviations:

Sl st = slip stitch

Ch = chain

Sc = single crochet

Dc = double crochet

## Pattern begins here:

String 11 bells on to the working thread so they will be ready to pull up when needed.

**R1** – Working with 1 strand of each color together, chain 69, dc in 4<sup>th</sup> ch (beginning ch 3 counts as a dc) from hook and in each across. Ch 1 and turn (67 dc)

\*To increase or decrease length you can add or subtract in multiples of 6 to the beginning chain. Each multiple of 6 is about 7/8 of an inch. So to make the anklet 9 inches you would chain 62 or to make the anklet 11 inches you would chain 74.

**R2** – sc in first dc, (ch 6, skip next 5 dc, sc in next dc) repeat 10 times. Turn. (11 loops created)

**R3** – sl st into first sc, (in loop work 4 sc, slide bell up to last sc, ch 1 to secure bell, work 3 more sc in loop. Sl st into next sc) repeat 10 more times. Chain 6 and join to the bottom of the dc on R1 to form a loop on the end.

attach 3/8 in button or bell to side opposite of end loop. Weave in all ends.
