Note

Meeting gauge is not important, but I have included all my measurements for you as a guide.

Working with ribbon yarn - this is a bulky weight yarn that is flat in texture. I find that making circles can tend to curl. To avoid curling, be sure to pull enough yarn through at the start of each stitch. Allowing for a little extra yarn at the beginning of the stitch will

help your stitches to lay flat and prevent curling. Also you may try going up a hook size if your stitches feel too tight.

Use a stitch marker to indicate the start of each round, it makes it easier to count stitches.

Construction - this pattern is made by creating a center circle first, and adding petals to that circle.

Pattern

Let's get started! You will create a circle, this will be the center of the flower.

Center Circle (Yellow):

Begin by chaining 3, and join with a slip stitch into the first chain to create a ring.

Round 1 - Ch 2. Into the ring, work 8 ext-sc. Pm. (9 sts)

Round 2 - Ch 2 (counts as stitch), work 1 ext-sc into the same chain space, work 2 ext-sc into each stitch around. Join into top of beg ch space. Pm. (18 sts)

Round 3 - Ch 2 (counts as stitch), work 1 ext-sc into each stitch around. Join into top of beg ch space. Pm. (18 sts)

Round 4 - Ch 2 (counts as stitch), work 1 ext-sc into the same chain space, work 2 ext-sc into each stitch around. Join into top of beg ch sp. Pm. (36 sts)

Round 5 - Ch 2 (counts as stitch), work 1 ext-sc into the next 2 sts, 2 ext-sc into the 4th stitch, *work 1 ext-sc into the next 3 sts, 2 ext-sc into the 4th stitch* around. Join into top of beg ch sp. Pm. (45 sts)

Center circle measures ~7".

Cut yarn.

Mark where the petals will be:

Using your stitch markers, place a marker every 9 sts. (5 markers)

Petals (Purple): *Make five*

To begin, join the new color at the slip stitch you ended the center circle with.

Row 1 - Ch 2 (counts as stitch), work 1 ext-sc into each stitch across. Turn. (9 sts)

Row 2 - Ch 2 (counts as stitch), 1 ext-sc into next 2 sts, work 2 ext-sc into next 3 sts, 1 ext-sc into last 3 sts. Turn. (12 sts)

Row 3 - Slip st into the first space, work 1 ext-sc into next 2 sts, 2 ext-sc into next 2 sts, 2 dc into next st, 2 ext-sc into next 2 sts, 1 ext-sc into next 2 sts, slip into last stitch.

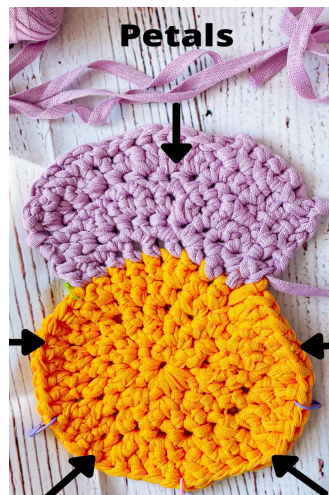

Turn. (16 sts)

Row 4 - Repeat row 1; ext-sc into each stitch across. Turn. (16 sts)

*note, you will not chain at the beginning of rows 5 & 6.

Row 5 - Slip into first stitch, 1 ext-sc into next 3 sts, 2 ext-sc into next 2 sts, 2 dc into next 2 sts, 2 ext-sc into next 2 sts, 1 ext-sc into next 3 sts, slip into last stitch. Turn. (20 sts)

Row 6 - slip into 2nd stitch from hook (counts as 2 sts) , 1 ext-sc into next 4 sts, slip stitch into the next 8 sts, 1 ext-sc into next 4 sts, slip stitch into the last 2 sts. (20 sts)
Cut yarn.

You will make an additional four petals using the stitch markers as a guide where to begin and end each petal. Each petal is worked across 9 sts.

Finishing - to finish, weave in all ends to the backside. Piece should lay flat, but some wet blocking may be needed to straighten and shape your flower.

You are now finished making your flower trivet, and I really hope you enjoyed this pattern.
