Abbreviations:

k - knit
kfb - knit front and back (1 increase)
yo - yarn over
k2tog - knit 2 together (1 decrease)

Notes

- This scarf increases at the beginning and decreases at the end of every RS Row creating a diagonal effect
- Cut yarns when changing colors leaving enough to weave in later.
- New colors will always begin on Row 1 RS.
- Size is easily adjustable - to increase width to make a shawl be sure to use *odd* amount of stitches.

Blocking is necessary to open up the netting effect. Soak Etereo for at least 15 minutes and stretch the scarf from side edge to side edge so openings look like squares.
