

# AMONG US CREWMATE: Dead & Alive

@weekendyarner

## MATERIALS

Any yarn you like with the right hook size to make tight stitches. I used a DK milk cotton yarn with a 3mm hook.

Yarn colours:

- Colour A: body colour (any colour you want)
- Colour B: pink/red
- Colour C: white
- Colour D: grey/pale blue
- Colour E: black

## NOTES

- Work in joined rounds instead of spirals: Join rounds by making a slip stitch into the first stitch of the row at the end of each row (skipping the slip stitch and chain from joining the rounds previously. Those don't count as stitches)
- Only the bone is worked in spirals.
- Pack and visor are worked in ovals

## STITCHES

**Ch:** Chain

**Sl st:** Slip stitch

**Sc:** Single crochet

**Inc:** Increase – two stitches into the same stitch

**Dec:** Decrease – invisible decrease by single crocheting the next two stitches together through front loops only

**BLO:** Back loops only – make stitch into the back loop of the 'v' only.

## LEGS (make 2)

*\*Start with colour A\**

Make magic ring

**R1:** ch 1, 6 sc into magic ring, sl st to join (6)

**R2:** ch 1, inc around, sl st to join (12)

**R3:** BLO – ch 1, sc around, sl st to join (12)

**R4-6:** ch 1, sc around, sl st to join (12)

Fasten off first leg. Do not fasten off second.

Once you have two legs, with the yarn still attached to the second, continue to bottom body.

## BOTTOM BODY

*\*Time to join the legs\**

*\*continue on from the second leg with the working yarn still attached\**

**R7:** ch 1, 4 sc, ch 2, join with a single crochet to a stitch on the first leg, make another 11 sc around first leg (so that's 12 sc onto the first leg), 2 sc into chain, 8sc on the second leg, sl st to join (28)

**R8:** ch1, sc around (making two sc into the other side of the chain when you get there), sl st to join (28)

**R9-11:** ch1, sc around, sl st to join (28)

**R12:** ch1, 10 sc, 2 dec, 10 sc , 2 dec, sl st to join (24)

*\*change to colour B and start stuffing lightly if you haven't already\**

**R13:** BLO – ch1, dec, 8 sc, 2 dec, 8 sc, dec, sl st to join (20)

Fasten off and leave enough tail to close the opening with whip stitch through back loops only. Weave in tail.

## BONE

**Work in continuous/spiral rounds**

*\*Use colour C\**

Make magic ring

**R1:** 3 sc into magic ring (3)

**R2:** inc around (6)

**R3:** sc around (6)

Fasten off. Make another. Don't fasten off second.

Join the two piece by slip stitching through both pieces over three stitches.

And then:

**R4:** sc around the outer edge of the pieces where they aren't joined. (6)

**R5-7:** sc around (6)

Fasten off. Leave enough tail to join to body. Lightly stuff, if necessary. I didn't stuff mine.

## TOP BODY

*\*Use colour A\**

**R1:** ch 7. Start at 2<sup>nd</sup> chain from hook. Inc, 4 sc, 3 sc in next st, 5 sc, sl st to join (14)

**R2:** ch 1, inc, 6 sc, inc, 6 sc, sl st to join (16)

**R3:** ch 1, 2 inc, 6 sc, 2 inc, 6 sc, sl st to join (20)

**R4:** ch 1, sc, 2 inc, 8 sc, 2 inc, 7 sc, sl st to join (24)

**R5:** ch 1, 2 sc, 2 inc, 10 sc, 2 inc, 8 sc, sl st to join (28)

**R6-14:** ch 1, sc around, sl st to join (28)

Fasten off. Weave in end.

## PACK

*\*Use colour A\**

**R1:** ch 11. Starting on second chain from hook, 9 sc, inc, continue to other side of chains with 9 sc, sl st to join (20)

**R2-9:** ch1, sc around, sl st to join (20)

**R10:** ch1, [dec, 8 sc] x 2, sl st to join (18)

Fasten off. Leave long tail. Stuff lightly. Use tail to whip stitch opening closed. Keep tail for attaching to body later.

## VISOR

*\*Use colour D\**

**R1:** ch 7. Starting on second chain from hook, inc, 4 sc, 3 sc in the next stitch, 5 sc, sl st to join (14)

**R2:** Ch1, 2inc, 4sc, 3inc, 4sc, 1inc, sl st to join (20)

*\*change to colour E\**

**R3:** ch1, sc around, sl st to join (20)

Fasten off. Leave long tail for attaching to body. Stuff lightly.

Use colour C (white) to add a little highlight to top right corner of visor.

## ASSEMBLY

1. Attach bone to bottom body/leg part right in the middle of the red/pink section.
2. Attach pack to back of top body so that about 3 rows of the bottom of the pack is hanging past the edge of the top body.
3. Attach visor to front of top body between rows 6 to 9.
4. Don't get killed.
