

This crochet pattern will show you how to make a Papal or Bishop's mitre to use for All Saint's Day dress up! Many Catholic schools encourage students to dress as saints on November 1st each year. It is a fun way to honor your favorite model of Christianity. There aren't many readily available costumes for this, though, so I have a whole blog post about creating your own with easy to find crochet patterns, and decided to create this pattern. Use it to create a hat for representing Papal Saints as well as some sainted bishops who wore them. Customize with color choice! SUPPLIES:

- 100 yards CYC 4 worsted yarn, preferably white, held double with 100 yards CYC 4 worsted cotton yarn (for stiffness) 25 yards bulky CYC 5 yarn in golden color
- crochet hook US size J (6 mm) or size needed to obtain gauge
- tapestry sewing needle
- scissors and measuring tape/gauge ruler
- Aleene's fabric stiffening spray (optional)

STITCHES (US TERMS):

ch = chain stitch st/sts = stitch/stitches BLO = back loop only sc = single crochet sl st = slip stitch

GAUGE SWATCH:

2 in by 2 in swatch = 7 stitches in 7 rows of sc

Row 1: Ch 11, sc 2nd st from hook and each across, ch 1, turn. [10 sc]

Row 2: Sc each st across, ch 1, turn. [10sc]

Repeat row 2 six more times.

NOTES:

- SIZING: this pattern is sized for a child, but you could make in any size by making the band larger or smaller to fit the head circumference as follows: baby 15 inches, toddler 16 inches, child 18 inches, teen 19 inches, medium 20 inches, large 21 inches
- Pattern is worked flat, then sewn together.
- Pattern is written with a gold stripe (Saint Pope John Paul II is often shown with this color mitre) but you can change that to suit your chosen saint.
- As you make the stripe, measure it next to your mitre top and add/subtract rows as necessary to line up correctly with the top and bottom.
- This pattern calls for yarns held together: crochet with two strands of different yarns held together as you work. It creates a stiff fabric to make the mitre top stand up. I think if you have a bulky or super bulky white yarn and use that with a size J hook, you can probably get the required stiffness.
- Optional: spray the top with some fabric stiffening spray and shape as desired.
