

FAYARD HAND-MADE CRAFTS

Union Jack Flag

Thank you for your patronage! I do my best to ensure that my patterns are of the best quality, but sometimes I miss something. If you find it, please let me know!

This pattern was created amidst a flurry of projects to prepare for the "Sherlocked USA" Artist Alley.

I am an independent artist, so if you or any friends are interested in my patterns, please help support my small business by visiting my pattern shop:

www.craftsy.com/user/414487/

Thank you very much, and I hope you enjoy your new pattern!

The square pattern is 25 stitches wide and 25 stitches tall.

The regular flag pattern is 50 stitches wide and 25 stitches tall.

The circle pattern is 16 rounds of single crochet.

There are no materials requirements. The patterns are simply the smallest the flag can be while accurately maintaining the stripe proportions. You can use a hook and yarn of any size to make the flag the size of your choice. Pictured on the right, I used embroidery thread for the circle pattern; in the middle, also embroidery thread, but the square pattern; and on the bottom, needlepoint for the normal pattern. The photos are not to scale.
