

PEGASUS WINGS

a
Woolen Yeti
crochet pattern

WoolenYeti.com

● ● ● ● intermediate

SUMMARY

This is a pattern for wings designed to be added to a pony crochet pattern—but in theory can be added to whichever pattern you would like (size and style allowing). Flying pigs, perhaps?

Each wing is created by making 4 “fingers” that are then joined together on different rows that form a “palm” (see diagram on next page).

TERMS

mc = magic circle (will be followed by number and type of stitch)

sc = single crochet

dec = single crochet invisible decrease

[...] x # = repeat instructions in brackets ([]) the indicated number (#) of times

R# = round number (#)

(#) = number (#) of stitches in that round.

TOOLS / MATERIALS

- Hook: same hook you used for the body of your pony
(I used a 2.5mm hook)
- Yarn: same yarn you used for the body of your pony
*(I used **Caron Simply Soft**, Aran 8 wpi)*
- Yarn needle
- Stitch Markers *(optional, for keeping track of your rows)*

GAUGE / DIMENSIONS

Gauge and dimensions will vary based on size of yarn, size of hook, and tension.

Single crochet gauge: 6 stitches per inch, 7 rows per inch

Height: approx. 3.5 inches (tip of Finger C to bottom of Palm)

Width: approx. 3.25 inches (edge of Finger A to edge of Finger B)

NOTES:

- The wings in the example images are squished flat without any toy filling.
- If using toy filling, begin stuffing a finger after it's been joined to the palm and the small hole has been sewn shut (see instructions under Finger D / Palm).

WING

MAKE 2

Finger A

R1: mc sc 10 (10)

R2 - R4: sc 10 (10, 3 rounds)

Break yarn with an end for stitching a small hole shut.

Finger B

R1: mc sc 10 (10)

R2 - R8: sc 10 (10, 7 rounds)

Break yarn with an end for stitching a small hole shut.

Finger C

R1: mc sc 10 (10)

R2 - R9: sc 10 (10, 8 rounds)

Break yarn with an end for stitching a small hole shut.

Finger D / Palm

R1: mc sc 10 (10)

R2 - R7: sc 10 (10, 6 rounds)

On this next round, you will be joining fingers D and C together (this will begin to form the palm).

R8: Starting in the first stitch of the last round of Finger C: sc, dec, sc 4, dec, sc. Continue onto the first stitch of the last round of Finger D: sc, dec, sc 4, dec, sc (16)

Use the end tail of Finger C and a yarn needle to stitch the small hole between the fingers shut.

R9: sc 16 (16)

On this next round, you will be joining finger B to the palm.

R10: sc, dec, sc. Starting in the first stitch of the last round of Finger B: sc, dec, sc 4, dec, sc. Continue working around the palm: sc, dec, sc 2, dec, sc 2, dec, sc (20)

Use the end tail of Finger B and a yarn needle to stitch the small hole between the fingers shut.

R11: sc 20 (20)

R12: [dec, sc 2] x 2, [dec, sc] x 2, dec, sc 2, dec (14)

All 4 "fingers"

Finger D / Palm:
start of round 8

Finger D / Palm:
end of round 8

(above stitch marker placed in first stitch of round 8)

R13: sc 14 (14)

On this next round, you will be joining finger A to the palm.

R14: [dec, sc] x 2. Starting in the first stitch of the last round of Finger A: sc, dec, sc 4, dec, sc. Continue working around the palm: dec, sc, dec, sc 3 (18)

Use the end tail of Finger A and a yarn needle to stitch the small hole between the fingers shut.

R15: sc 18 (18)

R16: [dec, sc] x 6 (12)

R17: sc 12 (12)

Done! Now break the yarn (optionally leaving a long end for stitching), then give your poor hands a break before sewing the wings to your pony (or whatever)!
